Senatorial Fraud.

Matters in Congress—A Town in Danger—Accidents, Incidents  
and Crimes.

Alleged Revelations About the Illinois Senatorship.

CHICAGO, Dec. 11.—Arthur Gleason, chief deputy in County Clerk Ryan's office, makes public a statement this morning under his own signature, charging Henry Biehl, one of the employees in the county clerk's office, with having abstracted the envelope containing the ballots of the Second precinct of the Eighteenth ward, and thereby allowing a substitution of the forged ballots found in the envelope when the same was opened in the federal court. Gleason relates that the envelope in question was placed with the others in a large box in the county clerk's vault and unlocked up on the day the county canvassing board closed its labors, and when the first impression had been created that fraud had been perpetrated. Mr. Ryan sent word to Gleason to take good care of the returns. On receipt of this message Gleason says he called to his assistant Henry Biehl, with William J. Sweney and William Hayer, clerks in the office. Biehl was made for the return, Biehl finding them in a mailed chest, whereupon others searching were advised not to look any longer. Gleason then went to attend to other duties. Biehl soon informed Gleason that he had placed them in one of the tin drawers in the vault, numbered 244. The only person knowing the exact drawer in which these ballots had been placed by Biehl was himself and Gleason. Gleason says that he did not personally make an examination of drawers 254 to ascertain whether Biehl informed him correctly or not, but took it for granted that he had. He did not go to the drawer until November 25, when he found them there. Previous to that time he declares he never had the envelope in his hands.

The vault in which these ballots were kept was locked with combinations being known only to four persons, Henry Biehl, John Shield, John O. Loughlin and Gleason. The ballots were placed in the vault where the combination is known only to four persons and their location to but two, Biehl and Gleason. Gleason then says the evidence shows beyond a doubt that the change in the ballots was made while in the vault of the county clerk's office. The evidence also shows that neither Shield nor O'Loughlin knew where they were placed and it would have been exceedingly difficult for any one not knowing their exact location to find them. The ballots have been taken from the vault in the afternoon of November 21.

Either Biehl or himself is guilty and as he declares he did not commit the crime, it could have been committed by no other person than Biehl, and he therefore charges him with its perpetration. The two persons now directly charged with the crime are James C. Mackin, secretary of the Cook county democratic committee, who ordered the bogus tickets printed, and Biehl with abstracting the envelope containing the original ballots, to allow the substitution of bogus ones.

Henry Biehl also makes public a statement in which he traverses the charges made by Gleason. He says the crime of removing the envelopes from the county vault was undoubtedly committed by Gleason or himself and he knows he is not the guilty party. He believes Gleason to be and is strengthened in this view owing to the contradictory statements made by Gleason before the grand jury.

Preparing for Inauguration Week.  
WASHINGTON, Dec. 11.—Three or four old buildings in the city have been overhauled for the purpose of utility as hotels during the fortnight of excitement on account of the inauguration. Advertisements are being inserted in the local press for vacant rooms for February and the first week in March. There is a general movement to occupy every available foot of sleeping space, and a great deal of it is being hunted up. There will be plenty of accommodations, it is said.

A Meeting Suddenly Adjourned.—A Big Fight.

St. Petersburg, Dec. 11.—Twelve nihilists were captured last night. They were holding a meeting in a restaurant under Guise's hall. Important documents fell into the hands of the police. At Pechelitz, a town of 5,000 people on the Dniester, a mob of 100 persons has been discovered under the tax receiver's office which contained 82,000 roubles.

Commercial Traveller Murdered.

St. Paul, Dec. 11.—News has been received from Golden City, E. C., that a commercial traveler named Baird was killed and robbed of \$4,500 near that

place. A large number of people are in hot pursuit of the murderer. Eddy, Hammond & Co., for whom Baird was traveling, offer a reward of \$1,000 for the capture of the murderer.

Congressional.  
WASHINGTON, Dec. 11.—After the routine business Van Wyck offered the following:

WHEREAS, A commercial treaty of great importance has been negotiated between the United States and Spain, which was made public by the king of Spain to such an extent that it was carried from Madrid by the Times of New York City, and given to the American people by that journal before the same was presented with becoming solemnity and secrecy to the senate, and

WHEREAS, The provisions of said treaty affected the subject of revenue and taxation and involved no serious questions of diplomatic and state secrets, discussion thereof should be in open session so that the people may be fully apprised of the reasons why said treaty should be ratified or rejected, therefore, be it

Resolved, That the committee on rules be and they are hereby directed to report an amendment on the rule requiring that the treaties which concern matters of revenue be considered in open session.

On objection of Wilson, the matter went over one day.

The decks of half a dozen democratic members were ornamented this morning by roses of brilliant plumage.

Hancock, of the committee on appropriations, reported the invalid pension appropriation bill. Referred to the committee of the whole.

Mill made an unsuccessful effort to have passed the senate bill for a public building at Waco, Texas, Brumm being the objector.

On motion of Cox the bill providing for the improvement of Galveston bay and harbor was made a special order for January 8, after which the consideration of the Oregon Central land forfeiture bill was resumed.

THE HOUSE.

The house resumed the consideration of the inter-state commerce bill. Gleason directed his remarks more especially to the consideration of evils which grew out of the system of pooling by railroad companies. He advocated a strict prohibition of this system and expressed his preference for a feature of the Reagan substitute over the bill of the committee.

NOTES.

The sub-committee of the house committee on elections having charge of the contested election case of McLean vs. Broadhead, of Missouri, will report to the full committee in favor of Broadhead.

A Policeman Threatened.

CHICAGO, Dec. 11.—Wm. Lynn, twenty-two years old, died Tuesday night from blood poisoning. It is now charged that a police officer, about a week ago, in directing some young men to move on threw his club at Lynn, striking him on the head causing the wound which resulted in his death. The matter will be investigated.

THE ABSURD SPEECHES OF SOCIALISTS.

At a meeting of socialists last night a speaker named Griffin declared that the workmen must be incited to absolute resistance and that all monopolists were enemies to the country and ought to be hung. That criminal laws were unnecessary and that peace and order could be better sustained if they were abolished; that famine was the result of over-production and not of poor crops; that the only way to stop it was to pay nothing, receive pay for nothing, take everything and without price. Other speakers followed in the same strain.

A Brakeman's Fate.

INDIANAPOLIS, Dec. 11.—H. M. Mack, a brakeman on the Cincinnati, Indianapolis, St. Louis and Chicago railroad, fell from the cars at New London to-day and was killed. The remains will be brought to his home in this city.

A Town in Danger.

A Fugitive for the Plaintiff.

LONDON, Dec. 11.—Mr. Adams and Miss Coleridge were married privately to-day.

Forfeited with Ballots.

LEXINGTON, Ky., December 10.—J. P. Martin was shot and killed by the "regulators" at Farmer's Station, in Roan county, about forty miles east of here, at 2 o'clock this morning. Martin had a quarrel with Floyd Tolliver

at Moorehead, Ky., last August, in which shots were exchanged and a bystander was killed, while Martin was seriously wounded. The parties met in Moorehead on the second instant. Tolliver drew a pistol, but Martin got the drop, fired and killed him. Martin was taken to Winchester for protection from the mob and last night was put on the train, under guard and started for Morehead to be tried to-day. When the train reached Farmers, it was boarded by twenty-five masked men, who held up the guards and riddled Martin with bullets, killing him instantly. It is charged that the guards were taking Martin to Morehead on a forged order.

A School Boy Murdered by a Companion.

HARTFORD CITY, Ind., December 10.—In a quarrel here between some school boys to-day Thomas Huggins, aged eleven, was struck on the head by a piece of brick, thrown by a boy named Knight. Young Huggins reached home and related the story of the altercation. Soon after he was attacked with violent pains in the head and died this evening.

Can Not Be Amicably Settled.

LONDON, December 10.—A dispatch from Paris to the Exchange Telegraph company, says: "Earl Granville, the British foreign minister, has informed Prime Minister Ferry that the English negotiations with China with a view to settling the Franco and Chinese difficulty amicably, have resulted in a failure."

Practically Ended.

COLUMBUS, O., December 10.—The Hocking Valley strike seems to be practically ended. Many old men to-day offered to go to work, thus breaking the line of others who want to compromise at sixty cents with the privilege of remaining in the union.

Just in Time.

CHICAGO, Ill., December 10.—Julius Peels and Herman Bellman were arrested, charged with an attempt to wreck the in-coming Council Bluffs passenger train near Mt. Cleire and on the Milwaukee & St. Paul railway, Monday, which, it is claimed, was only frustrated by a resident of the that village, who made the discovery in time to warn the train men.

A NEW AIR LINE.

Fort Wayne to Have Another Railroad, if Dispatches are True—The Line Has Big Backing.

The following dispatch from Pittsburgh is of great interest: "Matters are being arranged for building the road as soon as possible," said Engineer Schwab, who had just returned from a meeting of the board of directors of the new air line that is to take its start from Puntzenwau, this state, and pursue its way through Clearfield, Clarion, Butler and Lawrence counties, through Ohio, Indiana and Illinois to Council Bluffs, Iowa. "It will be the shortest line east and west; will have branches to Chicago; be a shorter route to Toledo, Detroit and Cincinnati. Its entire length with the branches will not be over 1,200 miles. The headquarters of the new line will be in New York. Some work will be done this winter, but with spring construction will commence in earnest, and within three years the entire line will be completed. With the exception of a few eastern gentlemen, the foreign element furnishes the bulk of the capital and no attempt will be made to float any bonds." The proposed road is to strike Fort Wayne and the name of our city appears prominently in the map of the air line. Let her come.

A LOVE AFFAIR.

Herman Wolf Elopes With Miss Huett, a St. Louis Girl.

A rather sensational elopement came to the surface to-day. Herman Wolf, long in the service of Mr. Ulrich Stotz, the Main street liquor man, left this city last night with Miss Huett, a St. Louis girl, who has been the guest of Mr. Stotz's family. The young people are to be married this evening at the home of the bride at St. Louis. Mr. Wolf's first wife was a daughter of Mr. Stotz and the young man was to inherit Mr. Stotz's fortune, but this lusty love affair is likely to change the financial determination. Mr. Stotz was generous to his son-in-law and is grieved over the matter very much. It is not known whether Mr. and Mrs. Wolf will return to this city or not.

LOCAL LINES.

Rt. Rev. Bishop Dwenger is at home. Capt. Henry McKinnis is at New York city.

Mason Long and wife returned home last night.

A horse was stolen from the stable of Hubbard Nickerson, in Washington township, last night. Sheriff Nelson was notified, but later the animal was found.

Master Mechanic Barnes returned from Tilton last night. He reports the freight business very good on the Wabash road and put two new men at work in the shops here.

Mr. Sam Chaska, the enterprising dry

goods merchant, has already given away 2,200 tickets to his grand piano drawing. Tickets are only given on purchases of \$1 and over, so the extent of Mr. Chaska's trade can be guessed at.

THE COURT HOUSE.

A marriage license has been granted to Wm. H. Steinbrunner and Mattie Tates.

The case of the Motherwell Iron company versus Hiram M. Idings is on trial in the U. S. court.

Judge Hench granted Judge Frazer an order for \$40 for services as special judge in the Ellison case.

The prosecution of Alexander H. Phillips, the Garrett postmaster in which the jury disagreed, has been dismissed.

The suit of Huestis and Hamilton vs. Theodore Lintz was dismissed by agreement in the superior court, at plaintiff's cost.

The Olds' ditch petition was dismissed yesterday by the commissioners, and the hearing of the Wilbur ditch continued until Saturday at 10 o'clock.

Twenty-eight people are interested in the Vordermark estate, which Ernest W. Vordermark sues to divide. One of the heirs is in Florida and cannot attend the trial.

George Haber is commissioned as a deputy United States marshal and serves in the United States court here. Mr. Haber went into the republican party during the late campaign.

In the superior court Herman Nathan and Leopold Strauss, each commenced a suit against Frank Sherman. The demand is for \$300. T. J. Rodabaugh is attorney for Messrs. Nathan and Strauss.

In the superior court, yesterday, Ernest R. W. Vordermark commenced suit against Christian Vordermark et al., for partition of property. J. T. Rodabaugh represents the plaintiff. The Vordermark estate is quite large.

The United States jury in the case of Alexander Phillips, the Garrett postmaster, disagreed. Mr. Phillips is charged with purposely neglecting to distribute the Indianapolis German Telegraph, a democratic paper, during the late campaign.

The following transfers of city property have been recorded: John Forthing to Christian Weite, lot 7, Potowick's addition, \$800. Date of deed, Dec. 10, 1884.

Philip L. Potter to Wm. B. Oglesby and Geo. C. Barnitz, by commissioner's deed, lots 105, 106, 107, 108 and 109, E. Hanna, ar's, addition, \$400. Date of deed, Dec. 8, 1884.

When the circuit court convened this morning W. H. Shambaugh, who is assisting Prosecutor Dawson, opened the case for the state. He was followed by W. S. Oppenheim, Henry Colerick and C. Mortimer Dawson, the able state attorneys. The attorneys made brilliant appeals to the jury and the court room was packed with spectators, who were eloquently entertained. Mr. Colerick made a magnificent speech and magnified his hearers. Judge O'Rourke charged the jury late this afternoon and the gentlemen retired to decide upon William Boyle's fate.

The board of commissioners this morning granted the petition for the location of a highway of J. A. Crippen, in Adams township, and appointed Simon Edsall, Barney Tibbet and Fred Heineviewers; also, the petition of J. W. Stephenson et al. for the location of a road in Monroe township and appointed M. E. Argo, Patrick McCormick and George Pankeviewers; also, the road petitioned for by Daniel Johnston, in Eel River township, and appointed John Galloway, David Shoaff and Fisher C. Westviewers; also, a petition for highway by Joseph K. Elderon et al., in Muncie township, with Henry Applegate, Peter Shoaff and Isaac Baker viewers.

THE ELLISON CASE.

The jury in the Ellison-Nickel Plate case came into court at 11 o'clock this morning and reported that they were unable to agree. Judge Frazer inquired of each juror if he thought there was any possibility of agreement. All answered in the negative until the last one was reached, who answered: "I think, your honor, that if the jury was placed under restraint a conclusion might be reached."

"What form of restraint do you suggest?" inquired the judge.

"Keep us from eating," said the juror, which created much laughter.

"Do you believe that such a conclusion can be reached without such restraint as you suggest?" asked Judge Frazer.

"It does not seem probable," was the reply.

The judge then stated to the jury that because of the length and cost of the trial an agreement was much to be desired; but continued them that it was not to be desired unless based upon their honest convictions. They were then sent back to the jury room for further deliberation at which time they declared they would stay a week, food or no food. At 4 o'clock this afternoon Judge Frazer called the jury into court again and ascertained that there was no possibility of an agreement. He then discharged the jury and the case goes again on the docket. Judge Nible is still at his home from the effects of his prostration yesterday, and it is understood he advised Judge Frazer to discharge the jury this afternoon.

## IS IT A SPOOK?

The Home of Henry Kline, in Nebraska, the scene of Strange Spirit Taps—The Police Asked to Detect the Weird Holograph.

Henry Kline, an industrious cooper, lives with his wife and three daughters in a lonesome little cottage on West Main street, in Nebraska. About a month ago the family heard strange taps on the side of the house. Mr. Kline investigated the matter, but could see no one, nor could he account for the noise. The rapping was repeated for a week following, between the hours of 10 and 12 each night. The superstitions of the family were aroused about three weeks ago. The eldest of Mr. Kline's four daughters died quite suddenly and for some days the clock-like tick-tack was not heard. Four nights after the burial of the young lady, the phenomenal rapping returned and was even more distinct than before. Since then the alarm of the family has been great and last Monday night Mr. Kline determined to watch the house. About 10:30 the ghost-like form of a man suddenly stood by the guest side of the modest dwelling as if it sprang from the earth. From an outhouse Mr. Kline could not see the form closely so he stealthily approached to within twelve feet of the apparition, when to his amazement it vanished, he knew not where. The old man sought his home and was so pre-occupied by the fright that he could not leave his bed until yesterday. Mr. Kline appealed to the police and last night Officer Palmer watched the haunted house. The taps came again and continued until the hour of twelve when they stopped and quiet reigned. The frightened family will desert their home and then a party of neighbors propose to watch the specter.

No one can be ill if the blood is pure, Yellow Dock and Sarsaparilla root have long been recognized as blood purifiers. Don't be humbugged by the advertisements of the many cheap bitters, but occasionally use Dr. Cassell's Yellow Dock and Sarsaparilla, and you will live to a good old age free from all the distress of mind and body. Many of our best citizens who long suffered from blood indicated by weak kidneys, indigestion, sores, aches, etc., owe their recovery to the use of this remedy.

## "I Have Suffered!"

With every disease imaginable for the last three years I have suffered from Dr. Cassell's Bitters, recommending "Hop Bitters" to me. I used two bottles. I am entirely cured, and heartily recommend Hop Bitters to every one. J. D. Walker, Buckner, Mo.

I write this as a token of the great appreciation I have of your Hop Bitters.

"I suffered from Bitters. I was afflicted with inflammatory rheumatism. I had seven years, and no medicine seemed to do me any good."

Until I tried two bottles of your Hop Bitters, and to my surprise I am as well to-day as ever I was. I hope "You may have abundant success."

"In this area" and "Valuable medicine."

Anyone wishing to know more about my cure? Can learn by addressing me, E. M. Williams, 1103 10th street, Washington, D. C.

—I consider your Remedy the best remedy in existence for Indigestion, kidney Complaint.

"And nervous debility. I have just returned."

"From the south in a fruitless search for health, and find that your Bitters are doing me more good."

Than anything else: A month ago I was extremely "Emaciated" and "And scarcely able to walk. Now I am gaining strength and 'F' can't."

"And hardly a day passes but what I am complimented on my improved appearance, and it is all due to Hop Bitters."
